Fiscal Year 2018 Annual Report on Public University Tuition and Fee Waivers

Introduction

The Board of Higher Education Act requires the Illinois Board of Higher Education (IBHE) to annually compile information concerning tuition and fee waiver programs provided by the public universities in Illinois. This report presents information on the purposes and goals of waiver programs, as well as data for fiscal year 2018, by each institution at the undergraduate and graduate levels. A state-wide summary for fiscal year 2017 by each waiver category is included for comparative purposes. Data on the amount and value of waivers granted are presented in total and at the undergraduate and graduate levels.

IBHE annually collects information from Illinois public universities on the number and value of tuition waivers granted by student level, type of waiver (mandatory or discretionary), and specific waiver program.

Background on Waivers

In order to pay for college costs, students rely on various types of financial aid programs, including tuition and fee waivers, a type of financial aid that exempts students from paying a portion (or all) tuition and fee charges. Tuition and fee waivers are typically awarded at the undergraduate level to students with special talents and/or special financial needs. Graduate-level tuition and fee waivers are typically awarded to students serving as teaching or research assistants.

Waivers serve multiple purposes: they provide access to higher education programs, promote scholarships, provide a recruitment tool, provide employee benefits, and enhance the educational environment by promoting a diverse student body. All Illinois public university waivers fall into one of two categories, mandatory or discretionary. Mandatory waivers are authorized and required by state statute, and discretionary waivers are determined at the institutional level. Mandatory waiver programs have requirements determined by statute and are not subject to limitations set forth by the IBHE or institutional policy. Alternatively, discretionary waivers are administered by public universities and are awarded at the discretion of each campus and are subject to IBHE limitations (23 Ill. Adm. Code 1075). Discretionary waivers are used by universities to provide access to higher education for students who possess specific academic or athletic talents and for special status students, such as out-of-state and foreign students.

The Standard Tuition and Fee Waiver Chart of Accounts, attached as Appendix B to this report, provides a complete description of each waiver category (by program and by type) and provides the purpose, goals, and eligibility criteria of each program.

Summary Findings

In fiscal year 2018, public universities issued a total of 41,949 waivers at a value of \$464.5 million, compared with 43,755 waivers at a value of \$467.1 million in fiscal year 2017. Graduate student waivers account for the majority of waivers granted at Illinois public universities, with most of these being graduate teaching/research assistants. Chart A provides the total number of recipients and dollar values of mandatory and discretionary waivers granted at both the undergraduate and graduate levels for fiscal year 2018. Fiscal year 2017 values are also included for comparison purposes. Detailed data by institution for Fiscal Year 2018 are included in Appendix A.

**This represents an unduplicated number of waiver recipients. Therefore, the sum of mandatory and discretionary waivers may not equal the total for each level of study, if a recipient received both mandatory and discretionary waivers.*

The report includes the number of recipients and value for the unfunded or waived portion of the Illinois Veteran Grant, Illinois National Guard Grant, and MIA/POW Scholarship Program tuition and fee waivers that were not reimbursed to the institution by the State. In the past, the State reimbursed the institutions for most of the cost of this waiver. In total, Illinois public universities waived approximately \$20.7 million in tuition and fees during fiscal year 2018 for eligible military veterans that were not reimbursed by the state. This is a decrease of \$3 million, or -12.3 percent, from the \$23.7 million reported in fiscal year 2017.

Undergraduate Waivers

The total value of undergraduate waivers decreased by 4.2 percent, from \$123 million in fiscal year 2017 to approximately \$117.8 million in fiscal year 2018. Undergraduate waivers accounted for 25.4 percent of the total value of all public university tuition and fee waivers in fiscal year 2018.

In fiscal year 2018, of the \$117.8 million in total undergraduate waivers, approximately \$47.7 million (40.5 percent) were mandatory and \$70.1 million (59.5 percent) were discretionary. The largest mandatory waiver program, Veteran Grants and Scholarships, total \$15.7 million, or 32.9 percent of the value of undergraduate mandatory waivers in fiscal year 2018.

Of the \$70.1 million in discretionary waivers awarded in fiscal year 2018, \$16.2 million, or 23.1 percent, were awarded to students with athletic, academic, or other talents. Foreign Exchange waivers totaled \$12 million (17 percent), Student Need waivers totaled \$20.1 million (28.6 percent), Gender Equity waivers totaled \$4.9 million (7 percent), and Civil Service waivers totaled \$1.8 million (2.5 percent).

Graduate Waivers

Graduate students play an integral role in the educational missions of Illinois public universities and serve the universities in providing enrichment of academic programs and supporting academic operations. Graduate students serve as instructors and teaching assistants for undergraduate course sections and provide valuable research assistance to faculty, which enriches the educational environment for both students and faculty. Having graduate assistants perform academic instruction also helps off-set personnel costs for full-time positions that would otherwise be needed to conduct such operations. These waivers further enable Illinois public universities to remain competitive in attracting the best graduate students.

Graduate waivers accounted for 74.6 percent of the value of all public university waivers in fiscal year 2018. Graduate assistant waivers, which consists primarily of waivers for graduate, teaching, and research assistantships, accounted for 76.5 percent of the value of all public university graduate tuition and fee waivers granted in fiscal year 2018.

Public universities awarded graduate waivers to 22,400 recipients totaling \$346.7 million in fiscal year 2018. Of the total, approximately 97.8 percent, or \$339.2 million, were for discretionary waivers, and of those, graduate assistant waivers totaled \$246.4 million. From fiscal year 2017 to fiscal year 2018, the value of graduate tuition and fee waivers increased, from \$344.1 million to \$346.7 million, which is an increase of less than one percent.

** Other waiver categories must be approved by the Board of Higher Education prior to reporting.

*** Each recipient is only counted once in each category total even if they receive multiple different program waivers in the same category. The count totals only count the recipient one time so these numbers may not total.

**** Recipients are only counted once in the number of recipients for total waivers.

Therefore, the sum of mandatory waiver and discretionary waiver recipients may not equal the total waivers reported. The total waiver value of waivers is cumulative; therefore, the values should equal together.

** Other waiver categories must be approved by the Board of Higher Education prior to reporting.

*** Each recipient is only counted once in each category total even if they receive multiple different program waivers in the same category. The count totals only count the recipient one time so these numbers may not total.

**** Recipients are only counted once in the number of recipients for total waivers.

Therefore, the sum of mandatory waiver and discretionary waiver recipients may not equal the total waivers reported.

The total waiver value of waivers is cumulative; therefore, the values should equal together.

Appendix B

Standard Tuition and Fee Waiver Chart of Accounts

- 1.0 Mandatory Waivers:** Tuition and fee waivers authorized by legislation that requires universities to grant to eligible students.

1.1 Teachers Scholarships: Special Education Grants (110 ILCS 947/65.15): Provides tuition and necessary fee awards to encourage current teachers and academically talented students to pursue careers in any area of special education as a public or private elementary or secondary school teacher in Illinois. Recipients are exempt from paying tuition and fees at an eligible institution for up to four years.

Purpose: To provide financial incentives to pursue special education teacher training.

Goals: To increase the number of certified special education teachers.

Eligibility and Criteria: Participants must be a United States citizen or an eligible non-citizen; an Illinois resident; agree to take courses to prepare for the teaching of handicapped children or children with learning disabilities; be an Illinois high school graduate and rank in the upper half of the graduating class, or hold a valid teaching certificate that is not in the discipline of special education; and not have received a waiver under this program in the past. Participants are required to contract with the Illinois State Scholarship Commission and teach special education for two years within the 5-year period following graduation.

1.2 General Assembly Scholarships (105 ILCS 5/30-9): Each member of the General Assembly may grant, annually, two four-year scholarships, one for the University of Illinois, and the other for any state-supported university, to persons from his/her district. The scholarships exempt the holder from paying tuition or fees, with the exception of fees for book rental, service, laboratory, supply, union building, hospital and medical insurance, and any fees pledged for the payment of interest and principal on bonds for the operation and maintenance of buildings.

Purpose: To extend opportunities for attending the University of Illinois or other state-supported universities.

Goals: To promote scholarship, and provide incentives for students living in a legislator's district.

Eligibility and Criteria: Students must live in the nominating legislator's district and are required to sign a waiver of confidentiality concerning scholarship information.

This program has been phased out and only remaining waivers for this program are those that were previously issued.

1.3 Reserve Officers' Training Corps (ROTC) Scholarships (105 ILCS 5/30-16): Scholarships are offered to residents of Illinois whose scholastic standing enables them to enroll in ROTC programs. The scholarships exempt the holder from paying tuition or fees, with the exception of fees for book rental, service, laboratory, supply, union building, hospital and medical insurance, and any fees pledged for the payment of interest and principal on bonds for the operation and maintenance of buildings.

Purpose: The General Assembly declared that it is essential for the national defense and for the defense of the state of Illinois that among those residents of this State receiving

higher education, provisions should be made for Reserve Officer's Training Corps training. In order to provide officers for the several Armed Forces of the United States of America, scholarships should be furnished to eligible residents, in order to encourage their participation in the Reserve Officer's Training Corps programs.

Goals: To increase the participation of students in the Reserve Officer's Training Corps programs.

Eligibility and Criteria: Residents of the State of Illinois whose scholastic standing will enable them to enroll in the Reserve Officer's Training Corp programs available at universities supported by the state of Illinois. Applicants are required to take an examination each year according to rules prescribed by the presidents, or designees, of participating institutions. Scholarships are awarded on a merit basis to those eligible recipients receiving the highest grades with evidence of leadership ability. Applicants also must submit to the institution Selective Service registration compliance documentation. Waivers shall be awarded at each university on the basis of the equivalent of 10 scholarships per class, per branch of service, each academic year to eligible recipients.

This includes waivers granted to student government leaders, student members of debate teams, music or theater groups, or minority students.

2.2.2 Athletic Waivers: Waivers granted to students who are part of an institution's intercollegiate athletic program, including athletes, trainers, and assistants. This category would include full or partial waivers for the non-resident portion of tuition for out-of-state recipients, but does not include waivers issued to achieve gender equity in intercollegiate athletics pursuant to 110 ILCS 205/9.24.

2.2.3 Gender Equity in Intercollegiate Athletics (110 ILCS 205/9.24): Public university governing boards may grant tuition waivers, in an amount not to exceed one percent of all tuition income, for the purpose of attaining gender equity in intercollegiate athletics. Waivers may be granted only for those sports sanctioned by the National Collegiate Athletic Association or the National Association of Intercollegiate Athletics. These waivers are excluded from the Board of Higher Education's tuition waiver limitation.

2.2.4 Foreign Exchange Students: This category should only be used as part of an exchange program where students are enrolled in a foreign university and enroll in an Illinois university by paying tuition at the foreign university or paying the Illinois resident rate. In these cases, the difference between the foreign student tuition rate and the Illinois resident tuition rate should be included as a foreign

exchange student waiver. In cases where a foreign student receives a waiver for the full tuition amount in exchange for providing a service to the university, such as a teaching or research assistant, the entire waiver should be reported as a student service waiver. Foreign exchange student waivers are excluded from the Board of Higher Education's tuition waiver limitation.

This category includes both full tuition and fee waivers and waivers for the difference between residential tuition rates and non-residential rates. These waivers should be valued at the difference between the actual amount of tuition and fees paid by the student and the established out-of-state tuition and fee rate. Waivers to out-of-state students receiving full or partial waivers in other categories, for example athletic or talent waivers should not be reported here.

2.2.6 Foreign Students: Waivers granted to students whose official home of record for the purpose of determining tuition and fee charges is outside the United States of America. This category includes both full tuition and fee waivers and waivers for the difference between residential tuition rates and non-residential rates. These waivers should be valued at the difference between the actual amount of tuition and fees paid by the student and the established tuition and fee rate for foreign students. Waivers for foreign students receiving full or partial waivers in other categories, for example athletic or talent waivers should not be reported here.

2.2.7 Fellowships: Waivers granted to students who also are receiving a fellowship for which no service is required.
