# ILLINOIS COMMISSION ON EQUITABLE PUBLIC UNIVERSITY FUNDING

---

The Adequacy, Resources and Technical Workgroups (workgroups) for the Illinois Commission on Equitable University Finance (Commission) will inform the analytical, data and technical modeling of the Commission’s work. The workgroups are composed of a subset of Commission members or other assigned representatives. Designees may be sent on behalf of a Commission member. The workgroups, supported by IBHE and HCM, will expand the capacity of the Commission’s work between full Commission meetings, providing opportunities to dig deeper around concepts and considerations advanced by the Commission.

## **Adequacy Workgroup**

The adequacy workgroup will focus on evaluating and understanding various issues and concepts of adequacy in postsecondary finance. The workgroup will support the Commission’s work in identifying the components that comprise an adequate and equitable finance structure for universities in context of the legislative charge and definitional concepts developed by the Commission.

The outcome of this review will be to analyze the components of adequacy and institutional “adequacy profiles” that help inform the cost of achieving adequacy for each institution. Directed by the Commission, this effort may include evaluating various components of adequacy such as:

- Student-Centered Adequacy Components
- Program/degree type components
- Cost-based components
- Mission-Centered Components.
