**Course Recommendations**

**English:** Coursework must emphasize written and oral communication and literature. General reading, mass communications, radio/television/film, and theater are typically not acceptable.

**Mathematics:** Algebra I and II, and a proof-based geometry course. A fourth unit is highly recommended: trigonometry and pre-calculus, or statistics, depending on the student's area of interest.

**Lab Science:** Acceptable coursework includes biology, chemistry, physics, earth science, agriculture, or other college preparatory science. General science courses are typically not acceptable.

**Social Science:** Coursework must emphasize history and government. Anthropology, economics, geography, political science, psychology, and sociology are also acceptable.
