**LIST OF PROGRAMS**

- Accounting Assistant/Bookkeeper Certificate
- Executive Administrator Certificate
- Human Resources Assistant Certificate
- HVAC Maintenance and Electrician Certificate
- Residential and Commercial Electrician

Date of implementation- 2022
CIP Code: 46.0302

The Residential and Commercial Electrician Certificate at America Business College prepares students for a career in the electrical industry. Students learn the National Electrical Code, and understand electrical safety, blueprints, residential wiring, breakers and fuses, grounding, bonding, splicing, currents and outlets. ABC's program provides hands-on, practical training to give students real-world experience. Classroom lab becomes a reality when students practice their knowledge on residential and commercial real life set ups. Students are guided by a faculty of practicing professionals with current expertise in the field. Graduates will be capable of working in residential and commercial environments, and will also be able to execute new construction electrical work. Upon completion of the program, students will be able to...

- Recognize formulas and their applications to determine quantities and sizes of materials required and their installation processes
- Describe measurement methods and mathematical processes necessary for the preparation and implementation of electrical related projects
- Outline regulations and procedures related to workplace safety
- Explain how to interpret basic electrical blueprints and technical drawings to follow the required specifications of electrical projects
- Explain the composition and usage of materials and processes required for electrical system installations and repairs
- Identify procedures for evaluating and diagnostic testing of electrical components and circuits
- Identify how to apply and comply with the National Electrical Code

- Structural Welding

- HYBRID BASIC NURSING ASSISTANT TRAINING PROGRAM

**Institution:** Covenant School of Health Sciences  

**Campus Type:** Main  

**Address:** 903 N 129th Infantry Dr, Suite 500, Joliet, IL 60435  

**Contact Name:** Nancy Hufana  

**Phone:** 773-627-6828  

**Website:** www.covenantschoolofhealth.com

**LIST OF PROGRAMS**

- Covenant School of Health Sciences will provide the Practical Nursing Training Program as a pre-licensure program to prepare its graduates in successfully passing the NCLEX-PN.  

  The training program will consist of 1000 contact hours of web-assisted didactic learning, laboratory exercises and clinical rotations in long-term care facilities. It primarily prepares individuals to assist in providing general nursing care under the direction of a registered nurse, physician or dentist.  

- CSHS will provide the Basic Nursing Assistant Training Program (BNATP) as a pre-certification program to prepare its graduates in challenging the state-certification examination. The training program will consist of 80 contact hours of web-assisted didactic learning, laboratory exercises and 40 hours of direct patient care in a long-term care facility.  

- CSHS will provide the EKG Technician training program as a pre-certification program to prepare its graduates in challenging an industry certification examination. The training program will consist of 50 contact hours of web-assisted didactic learning, laboratory exercises and actual patient care in a medical office.  

- CSHS will provide the Phlebotomy Technician training program as a pre-certification program to prepare its graduates in challenging an industry certification examination. The training program will consist of 80 contact hours of web-assisted didactic learning, laboratory exercises and actual patient care in a medical office or medical lab setting.  

- PROPOSED PROGRAM OF STUDY

  The Medical Assistant Training Program (MATP) includes both administrative and clinical functionalities of the occupation. The graduate will be able to get certification as both an administrative and clinical medical assistant.  

  The program will be designed to follow the definition of the Classification of Instructional Program (CIP) Code 51.0801. Medical/Clinical Assistant. (2010).

**Institution:** Crocus Institute LLC

- MEDICAL ASSISTING PROGRAM & MEDICAL ASSISTING PROGRAM BLENDED
  Objectives:
  Graduates of the Medical Assistant program will have the skills necessary to aid the physician and other medical
  personnel as they examine and treat patients. Medical Assistants perform office administrative tasks that keep a
  medical office or clinic running smoothly. Upon successful completion, students will be prepared to work in
  physicians' offices, clinics, nursing homes, and health care centers as a medical secretary, medical assistant,
  medical receptionist or medical office manager.
  The CIP Code for the program is 51.0801

• Behavioral Health Technician
• CIP 51.1614 (proposed new program) Hybrid Nurse Assistant- The hybrid healthcare training basic nurse assistant training course is a program that consists of both online and in-class instruction. This allows the student the scheduling flexibility. The hybrid program is a total of 172 hours that includes theory (38 face to face hrs. including skills) (89 hrs. online theory) and clinical (45 hrs. in person) experience to obtain a basic nursing assistant certificate using skills acquired listed in training objectives. Course objective: To teach and train individuals to help care for patients and to provide support to members of the nursing team. BNAs provide care to patients and provide support to members of the nursing team under the supervision of a registered nurse and licensed practical nurse. Program cost: tuition- $1,831.50, books- $65.00, lab fees- $163.00, Supplies- $180.00, Total- $2,280.30. *plus $30.00 drug test & $75.00 exam fee not included. Four (4) terms per year. Upon completion individuals receive a certificate of completion and are eligible to take the State Exam to become certified. After successfully passing the State Exam individuals can be employed with employer job titles as CNA or Patient Care Technician in clinics, hospitals, nursing homes, doctor's offices. Anticipated start date: 05/02/2022

  - The Basic Nursing Assistant (BNA) program prepares a person to take the certification exam which is necessary to become a Certified Nursing Assistant (CNA) in the State of Illinois. The program is designed to prepare qualified individuals to be safe, caring, and effective nursing assistants who work under the supervision of qualified health care professionals. BNAs are trained to perform at a minimum entry level in positions normally available in hospitals, nursing homes, and home health agencies. This program presents basic nursing assistant principles as well as providing opportunities for practice and demonstration of skills related to patient care. The students’ time will be divided between classroom instructions, laboratory time, and supervised experience in the nursing home and/or hospital settings. Upon meeting graduation requirements of the Basic Nursing Assistant program, the student is entitled to a Basic Nursing Assistant certificate.

Per Scholas proposes to offer learners the Data Engineering course. CIP Code: 11.0501 and SOC Code: 15-1211. The anticipated start date of the course is April 18, 2022. Learners interested in the course must have some Python knowledge when applying.

This 14-week intensive course will provide learners the skills to obtain an entry or mid-level position as a Data Engineer or Program Analyst. The course has been informed by our employer partner, TekSystems, to ensure that the course content is relevant to today's labor market and employer needs. The first 4 weeks of the course will focus on sharpening a fundamental skill set that includes Linux, Versions Control with Github. The instructor will cover basic commands & Linux environment, Sudo, how to use Nano and VI editors, trap and I trap signals, console log, files, file path & directories. Additional there will be an introduction to Github & Version Control, SQL, Postgre SQL, Data Warehousing and Data Mart, Big Data + ETL as well as Data Mart Styles and much more. During weeks 5-7, the focus will be on Python and Database integration with Python. Weeks 8 and 9 will focus on Data Analytics with Python, introduction to statistics and measure variability and data visualization. Weeks 10 - 12 the learners will focus on Spark and Spark SQL and Tableau, including what is data analytics, types of data analysis and chart types. During week, 13 there will be a focus on introduction to DevOps including the DevOps life cycle, workflow, and overview of CI and DC as well as popular DevOps tools. Finally, during week 14 learners will develop a capstone project during the final week of the course that will be presented to the instructor.

Each day consists of 4.5 hours of technical instruction (22.5 hours weekly) and 1.5 hours of Professional Development (7.5 hours weekly). The class is scheduled to meet 9:00 a.m. – 4:00 p.m. There is a 60-minute lunch break, and a 15 minute break in the morning and the afternoon. Additional support is available on an as-needed basis from 4:30 p.m. - 5:30 p.m. Hours of school operation: 9:00 a.m. - 5:00 Students are expected to complete all lab assignments and activities. All exams/quizzes are administered on the assigned date and time. Assignments are due at the start of class on the assigned date and time. If a student misses a class for any reason, they are responsible for making up the work and collecting any notes/assignments missed. Makeup exams and assignments will be accepted at the instructor's discretion and allowed only in extraordinary circumstances.
Per Scholas purposes to offer the Cybersecurity course. This course will prepare students for jobs in the area of security that include Security Analysts and Computer Network Support Specialist.

The Software Engineering course is expected to be offered in June of 2023, based on state approval. The course will prepare graduates for junior level or mid-level Web Developer or Web Design roles based on their prior experience or knowledge.

**LIST OF PROGRAMS**

- COURSE OBJECTIVES:
  The Basic Nurse Aide Training Program will prepare students interested in careers in the healthcare field, specifically the nurse aide training program. This course is designed for students who are interested in caring for those in need of assistance such as, elderly persons, those with cognitive issues, multiple co-morbidities etc. Students will perform ADL's such as bathing, ambulating, turning for those in need or assisting those in need with these functions. Student who take this course will complete 120 hours of instruction, 80 hours in Theory/Lab and 40 hours if clinical. Students will receive a certificate of completion upon successful completion of the course. Students who complete the nurse aide training program would be eligible to sit for the state certified nursing assistant exam.

- COURSE DESCRIPTION AND PROGRAM INFORMATION:
  Renee's School of Careers offers a Nurse Aide Training Program that has been approved by the Illinois Department of Public Health and the Illinois Board of Higher Education. This program is 120 hours and once successfully completed prepares students to sit for the Illinois State Certified Nursing Assistant Exam.

- 3 Day Ombre Brow Training.
  
  We are offering this program for aspiring artists who are wanting to learn our technique in performing Ombre Brows. This program is detailed and hands-on training for them to feel comfortable and knowledgeable in performing the procedure. We want to build a community where artists can continue their education and knowledge on this body art procedure. To provide a space for them to confidently train with us as their mentor. We offer long-term support after the program is completed.
  
  Anticipated date of implementation: Summer of 2022

• Surgical Assistant program has been developed to prepare students to assist in operations, under the supervision of surgeons. Surgical Assistant may, in accordance with the applicable state laws, help surgeons to make incisions and close surgical sites, manipulate or remove tissues, implant surgical devices or drains, suction the surgical site, place catheters, clamp or cauterize vessels or tissue, and apply dressings to surgical site. Surgical Assistant program will be using a variety of instructional methods that will prepare students for entry-level positions as surgical assistants or provide career path advancement opportunity for individuals already working in the field. At the end of the program, graduates will be equipped with the necessary knowledge, skills and experience to start working as a Surgical Assistant, which will bring benefits and contribute to the efficiency of the operating room, as well as improvements in the patient outcome.

Surgical Assistant students will be trained through a variety of instructional methods including: virtual and on campus classes, laboratory and clinical experience to safely assist in surgical operations. Comprehensive surgery knowledge as well as perioperative and postoperative skills will be stressed during this program. The role and functions of the surgical assistant, the unique functions of the surgical assistant are emphasized, and are not limited to: tissue handling, suturing, hemostasis, and surgical instruments.

Graduates of the Surgical Assistant (SA) program at Stellar Career College are eligible to take the Surgical Assistant - Certified (SA-C) exam of the American Board of Surgical Assistants (ABSA).

Provide a sample catalog description of the proposed program or course of study. Include admission criteria, tuition, fees, charges, and any other expenses necessary in order to complete the proposed program or course.

Course No:   SPA – 303  
CIP Code: 12.0411  
SOC Code: 27-1019

Course Title:    Lips Workshop

Course Description: This three-day permanent makeup course is perfect for a beginning artist or artists who desire to continue to hone their skills. This intensive, hands-on course focuses on successful techniques for lip mapping and the application of lip color and line for added color and definition.

Upon enrollment, students will receive a course booklet covering theory that includes basic concepts, definitions, and drawings. Students are required to complete all assigned work included in course booklet (i.e. template drawings) and submit to instructor via email no less than two calendar weeks prior to the commencement of the three-day workshop.

On day 1, instructor will review materials included in course booklet. At the end of day 1, students will be required to complete a written assessment of the basic concepts, definitions and drawings included in the course booklet. On day 2, students will advance skills and technique using practice skin to simulate a live experience. Students must demonstrate to the instructor an understanding of techniques before student will be allowed to practice on a live model. At the end of day 2, instructor will demonstrate successful techniques for lip mapping and the application of lip color and line for added color and definition. On day 3, students will advance skills and technique using a live model.

Students may be provided with a live models during the classroom sessions for an additional fee. For a period of one year after the successful completion of the classroom session, each student may schedule time to shadow Instructors, subject to their availability, to continue to observe techniques that have been taught in this course.

Pre-Requisites:

- Proof of successful completion of Blood Borne Pathogens for Body and Tattoo Artists
- Submission of assigned work included in course booklet no less than two calendar weeks prior to the commencement of the workshop to demonstrate understanding of key concepts

Course Completion Requirements:

- Successful Completion (Score of 75% or higher on written assessment) of self-study Coursebook (approximately 50 hours study time): Basic concepts, Definitions, Drawings.
- Attendance at all classroom learning sessions
- Successful Demonstration to Instructor of all skills in Live Model Training(s)

Course Duration:  Length of Class:  3 Days, M,T,W, 8am-5pm

Tuition: $3,900.00

Live Model Fee, if applicable: $100.00 each, with a minimum of two required

Course Title: Eyeliner Workshop

Course Description: This three-day permanent makeup course is perfect for a beginning artist or artists who desire to continue to hone their skills. This intensive, hands-on course focuses on successful techniques for the application of eye liner (lash enhancements, color for dramatic definition and line).

Upon enrollment, students will receive a course booklet covering theory that includes basic concepts, definitions, and drawings. Students are required to complete all assigned work included in course booklet (i.e. template drawings) and submit to instructor via email no less than two calendar weeks prior to the commencement of the three-day workshop.

On day 1, instructor will review materials included in course booklet. At the end of day 1, students will be required to complete a written assessment of the basic concepts, definitions and drawings included in the course booklet. On day 2, students will advance skills and technique using practice skin to simulate a live experience. Students must demonstrate to the instructor an understanding of techniques before student will be allowed to practice on a live model. At the end of day 2, instructor will demonstrate successful techniques for the application of eye liner on a live model. On day 3, students will advance skills and technique using a live model.

Students may be provided with a live models during the classroom sessions for an additional fee. For a period of one year after the successful completion of the classroom session, each student may schedule time to shadow Instructors, subject to their availability, to continue to observe techniques that have been taught in this course.

Pre-Requisites:
- Proof of successful completion of Blood Borne Pathogens for Body and Tattoo Artists
- Submission of assigned work included in course booklet no less than two calendar weeks prior to the commencement of the workshop to demonstrate understanding of key concepts

Course Completion Requirements:
- Successful Completion (Score of 75% or higher on written assessment) of self-study Coursebook (approximately 50 hours study time): Basic concepts, Definitions, Drawings.
- Attendance at all classroom learning sessions
- Successful Demonstration to Instructor of all skills in Live Model Training(s)

Course Duration: Length of Class: 3 Days, M,T,W, 8am-5pm

Tuition: $3,900.00

Live Model Fee, if applicable: $100.00 each, with a minimum of two required
• Course No: SPA – 401  CIP Code: 12.0411  SOC Code: 27-1019

Course Title: Soft Areola Workshop

Course Description: This four-day permanent makeup course is perfect for practitioners who want to serve clients who have undergone mastectomies due to breast cancer. This intensive, hands-on course focuses on successful techniques creating the most realistic areola and nipple.

Upon enrollment, students will receive a course booklet covering theory that includes basic concepts, definitions, and drawings. Students are required to complete all assigned work included in course booklet (i.e. template drawings) and submit to instructor via email no less than two calendar weeks prior to the commencement of the four-day workshop.

On day 1, instructor will review materials included in course booklet, including needle theory for the areola focusing on sensation, healing and appearance. At the end of day 1, students will be required to complete a written assessment of the basic concepts, definitions and drawings included in the course booklet. On day 2, students will advance skills and technique using practice pad to simulate a live experience. Students must demonstrate to the instructor an understanding of techniques before student will be allowed to practice on a live model. On days 3 and 4, students will advance skills and technique using a live model.

Students may be provided with a live models during the classroom sessions for an additional fee. For a period of one year after the successful completion of the classroom session, each student may schedule time to shadow Instructors, subject to their availability, to continue to observe techniques that have been taught in this course.

Pre-Requisites:
- Proof of successful completion of Blood Borne Pathogens for Body and Tattoo Artists
- Submission of assigned work included in course booklet no less than two calendar weeks prior to the commencement of the workshop to demonstrate understanding of key concepts

Course Completion Requirements:
- Successful Completion (Score of 75% or higher on written assessment) of self-study Coursebook (approximately 50 hours study time): Basic concepts, Definitions, Drawings.
- Attendance at all classroom learning sessions
- Successful Demonstration to Instructor of all skills in Live Model Training(s)

Course Duration: Length of Class: 4 Days, M,T,W, Th 8am-5pm

Tuition: $7,500.00 (includes a kit containing machine pigments, needles and practice areola)

Live Model Fee, if applicable: $100.00 each, with a minimum of two required

Course Title: Tiny Tattoo Workshop

Course Description: This two-day permanent makeup course is perfect for a beginning artist or artists who desire to continue to hone their skills. This intensive, hands-on course focuses on successful techniques for small, defined and beautiful tiny tattoos.

Upon enrollment, students will receive a course booklet covering theory that includes basic concepts, definitions, and drawings. Students are required to complete all assigned work included in course booklet (i.e. template drawings) and submit to instructor via email no less than two calendar weeks prior to the commencement of the two-day workshop.

On day 1, instructor will review materials included in course booklet, including definitions, needle theory, basic skin theory, equipment and supplies. At the end of day 1, students will be required to complete a written assessment of the basic concepts, definitions and drawings included in the course booklet. On day 2, students will advance skills and technique using a live model.

Students may be provided with a live models during the classroom sessions for an additional fee. For a period of one year after the successful completion of the classroom session, each student may schedule time to shadow Instructors, subject to their availability, to continue to observe techniques that have been taught in this course.

Pre-Requisites:
- Proof of successful completion of Blood Borne Pathogens for Body and Tattoo Artists
- Submission of assigned work included in course booklet no less than two calendar weeks prior to the commencement of the workshop to demonstrate understanding of key concepts

Course Completion Requirements:
- Successful Completion (Score of 75% or higher on written assessment) of self-study Coursebook (approximately 50 hours study time): Basic concepts, Definitions, Drawings.
- Attendance at all classroom learning sessions
- Successful Demonstration to Instructor of all skills in Live Model Training(s)

Course Duration: Length of Class: 2 Days, M,T, 8am-5pm or F, Sa, 8am-5pm

Tuition: $3,100

Live Model Fee, if applicable: $100.00 each, with a minimum of two required
Course No:  SPA - 202

Course Title:  Eye Liner Dramatic

Course Description:

This six-day permanent makeup course is an intensive training perfect for a beginning artist or artists who desire to continue to hone their skills. This course focuses on successful techniques for the application of eye liner. Upon enrollment, students will receive a course booklet covering basic concepts, definitions, and drawings to complete prior to the commencement of the six-day classroom sessions. Students will be provided with a live model during the classroom sessions for an additional fee. For a period of one year after the successful completion of the classroom session, each student may schedule time to shadow Instructors, subject to their availability, to continue to observe techniques that have been taught in this course.

Pre-Requisites:

Proof of successful completion of Blood Borne Pathogens for Body and Tattoo Artists

Course Completion Requirements:

- Successful Completion (Score of 75% or higher on written assessment) of self-study Coursebook (approximately 40 hours study time): Basic concepts, Definitions, Drawings.
- Attendance at all classroom learning sessions
- Successful Demonstration to Instructor of all skills in Live Model Training

Course Duration: 6 days, M-Sa, 8am-5pm

• Course No: SPA – 104 Course Title: Brow Workshop

Course Description: This three-day permanent makeup course is perfect for a beginning artist or artists who desire to continue to hone their skills. This intensive, hands-on course focuses on successful techniques for the application tiny strokes to mimic eyebrow hair, including digital hair stroke and powder techniques for brows. Upon enrollment, students will receive a course booklet covering theory that would include basic concepts, definitions, and drawings to complete prior to the commencement of the three-day classroom sessions, and students will provide via email submission to Instructor photos and drawings of brow mapping. Students will be provided with a minimum of two live models during the classroom sessions for an additional fee. For a period of one year after the successful completion of the classroom session, each student may schedule time to shadow Instructors, subject to their availability, to continue to observe techniques that have been taught in this course.

Pre-Requisites:

- Proof of successful completion of Blood Borne Pathogens for Body and Tattoo Artists
- Successful email submission of photos and brow mapping to demonstrate understanding of brow structure, shape and shading

Course Completion Requirements:

- Successful Completion (Score of 75% or higher on written assessment) of self-study Coursebook (approximately 50 hours study time): Basic concepts, Definitions, Drawings.
- Attendance at all classroom learning sessions
- Successful Demonstration to Instructor of all skills in Live Model Training(s)

Course Duration: Length of Class: 3 Days, T-Th, 8am-5pm

Tuition: $5,000.00

Live Model Fee, if applicable: $100.00 each, with a minimum of two required

Institution: Symbol Training Institute

Campus Type: Main Address: 8151 North Ridgeway Ave, Skokie, IL 60076
Contact Name: Diana Peters Phone: 847-673-6500 Website: www.symboltraining.edu

LIST OF PROGRAMS

- CNC 203: CNC Programming, Setup and Operation
- CNC 204: Advanced Programming
- CNC 205: CNC Technology with Manufacturing Quality
- CNC 303: CNC Technology with Internship
- CNC 304: CNC Machine Shop Internship
INTRODUCTION OF PROGRAM: This hands-on program provides practical training in the concepts and duties needed to become an Industrial Maintenance professional. A successful graduate will have the knowledge and skills required for installing, maintaining and troubleshooting industrial equipment.

PREREQUISITE COURSES & OTHER REQUIREMENTS FOR ADMISSION TO PROGRAM: All of Symbol's programs are designed both for first-job seekers who have little or no previous manufacturing experience and also for individuals who are looking to advance in advanced manufacturing technology. Applicants, at a minimum, should have a high school diploma or equivalent, basic writing and conversational skills in the English language, and 8th grade level math or equivalent.

PROGRAM OBJECTIVES: Students will learn to solve practical maintenance problems, read and interpret blueprints and schematics and keep industrial facilities running smoothly and efficiently. The program prepares students to maintain, troubleshoot and repair equipment used in the production of goods. Students will be prepared with a fundamental understanding of industrial maintenance processes and applications and will be able to troubleshoot and diagnose electrical and mechanical issues.
