Our Purpose

Public Act 102-0325 charges this Task Force with the following:

“. . . [to] develop and recommend to the Board of Higher Education the base survey for distribution to higher education institutions and provide the Board of Higher Education with any related recommendations regarding the content, timing, and application of the base survey.”

Ground Rules

We recognize both the value of collaborative and systems change work and the difficulty in engaging in this work. As such, we agree to collaborate per the ground rules below:

- Keep the goal of creating a more equitable and safe campus climate for Illinois students at the center.
- Listen fully and thoughtfully.
- Commit to candid discussions of diverse ideas in an atmosphere of mutual respect.
- Suspend predetermined positions to allow the collective intelligence to emerge.
- Monitor your personal technology.
- Share your voice, yet monitor your airtime.
- Be solutions oriented.
- Make an effort to reach consensus.
- Respect requests for confidentiality – both implicitly and explicitly stated.
- Practice reflection; personally investigate the assumptions or bias underlying your positions.
- Commit to preparation; read meeting minutes and review materials associated with prior or upcoming meetings, as necessary.

Let's Get To Know Each Other

- Tell us your name;
- Where you work and your role there;
- What unique voice or expertise do you bring to the Task Force; and
- The last book, movie, or TV show you enjoyed.

Task Force Suggested Guiding Principles Preview

- The purpose of the survey is to encourage institutional accountability for campus climates and maximize student retention and success.
- The survey instructions will be clear, logical, and easy for respondents to understand.
- The survey will be reliable and produce statistically valid results.
- The survey will be streamlined and avoid duplication to the extent possible to minimize respondent fatigue.

Guiding Principles

We will now move to JamBoard to collaborate on the creation of the guiding principles to be adopted by the Task Force
