**ILLINOIS HIGHER EDUCATION INFORMATION SYSTEM (IHEIS)
FALL ACADEMIC YEAR 2018-2019 ENROLLMENT COLLECTION**

Pursuant to 105 ILCS 13, the Illinois Board of Higher Education (IBHE) has the authority to collect student-level enrollment data from any Illinois public university, any non-public institution of higher learning enrolling one or more students receiving Monetary Award Program grants, and any non-public institution of higher learning that confers graduate and/or professional degrees. IBHE's component of the Illinois Longitudinal Data System is called the Illinois Higher Education Information System (IHEIS) and it is used as the mechanism for collecting and validating student-level information, such as fall enrollment. To date, among the 128 institutions that are required to submit student-level data and ensure it is fully validated, only two have not complied. The institutions have been reminded several times by IBHE staff to complete the data submission request and technical assistance has been offered to assist the institutions in complying with the request. The non-compliant institutions are as follows:

Center for Psychoanalytic Study
VanderCook College of Music
