The Chicago State University Foundation (Foundation), as are all university foundations, is a separate legal entity (501C3). The decisions on revenues and expenditures are driven by the wishes/expectations of the donors to the foundations. This status means that Chicago State University, the State of Illinois and any other organization has no control over the revenues and expenditures of the Foundation. All expenditures by the Foundation require prior approval of the Foundation Board of Directors. Furthermore, approximately 98% of Foundation revenues are restricted as to use. If the Foundation Board were to violate these restrictions, it would jeopardize its IRS 501C3 Charitable Designation.

At Chicago State University (University), Contracts and Grants are by their very nature restricted by legal contracts with granting agencies. The decisions on revenues and expenditures are driven by the state of the economy and the objectives of the granting agencies. This status means that Chicago State University, the State of Illinois and any other organization has no control over the revenues or expenditures of Contracts and Grants. All expenditures require prior approval of the granting agencies and all changes require approval by granting agencies as well. A portion of Federal Contract and Grant revenues are allocated to Indirect Cost Recovery (ICR) to be expended for RELATED overhead costs. The expenditure of ICR funds must be for overhead items related to the operation of the Contracts and Grants and are determined by appropriate costs accepted by the granting agencies into their indirect cost calculation. If overhead expenditures are not related to the operation of the Contracts and Grants, the University would be in violation of the State of Illinois Legislative Audit Commission Guidelines.

Furthermore, if the University violated the contractual terms of Contracts and Grants, the granting agencies would demand refunds of the full amounts of awards including any expenditures-to-date, and would prohibit the University from requesting future Contracts and Grants.

Auxiliary facilities system revenues secure our bonds. Specifically, "the Bonds are payable from and secured by a pledge of and lien on (i) the Net Revenues of the System, including the Student Union Fee...(subject to prior payment of operating and maintenance expenses of the System, but only to the extent necessary)." Because of the small size of our auxiliary operations, there are no revenues available for redirection without compromising the solvency of operations.
