Introduction

In 2008, the Illinois Task Force on Service Member and Veterans Education urged the General Assembly, “to recognize the sacrifice of American servicemen and women, and, in a small way, repay them by chartering a concerted effort by State government, in cooperation with our public institutions of higher learning, to make its best efforts to take positive, quantifiable steps to providing a superior learning environment for student veterans and service members.” (110 ILCS 49/10) The Task Force’s report was the foundation for the Higher Education Veterans Service Act (Public Act 96-133) which was approved by Governor Quinn on August 7, 2009.

Pursuant to this Act, community colleges and public universities were required to appoint a current employee or hire a new employee to serve as a Coordinator of Veterans and Military Personnel Student Services on each campus. The coordinator serves as an ombudsperson and advocate in meeting the needs of veterans, active-duty personnel, and their families. Also, best efforts are to be taken to establish a centralized source where veterans and active-duty personnel have the opportunity to become knowledgeable about the benefit programs and services applicable to them.

This report presents an analysis of the actual expenditures for the programs and services provided to veterans and active-duty personnel by the public institutions of higher education during the prior fiscal year. The data for this report were obtained from survey responses submitted by the community colleges and public universities. The reported expenditures are not exclusively a result of the requirements set forth in Public Act 96-133, but rather a combination of the costs incurred by those requirements, and the additional services that institutions are providing to their veteran populations. Additionally, the financial assistance provided by the institutions to veterans through the Illinois Veteran Grant (IVG) program is included in this report.

Fiscal Impact to Public Institutions

Illinois community colleges and public universities reported approximately \$5.7 million in expenditures to provide services to veterans and active-duty personnel in Fiscal Year 2021. The institutions reported 88.1 staff years. The number of staff years is equivalent to the number of full-time employees.

As shown in the table below, the fiscal impact of requiring coordinators on each campus is approximately \$2.2 million and 35 full-time staff. The majority of total expenditures are for services that are not directly related to the Act, as institutions reported \$3.5 million in expenditures, about 62% of the grand total. Institutions identified the source of funds for each dollar expended as either state funds or other funds (“other” includes federal funds and local revenues). Approximately \$4 million (70% of total) is from federal and local sources, while the State contributed about \$1.7 million (30% of total).

Total	88.1	\$4,007,238	\$1,695,726	\$5,702,964

Survey totals by institution type are provided below for the 12 public university campuses and the 48 community colleges in Illinois. In Fiscal Year 2021, of the approximately \$5.7 million spent on services for veterans and active-duty personnel, roughly \$1.8 million (31%) was spent by public universities, while about \$3.9 million (69%) was spent by community colleges. While community colleges accounted for over double the total expenditures reported, both sectors had similar proportions between expenditures spent as a result of the Veterans Service Act and those spent on other veteran services. As shown in Table 2, public universities spent approximately \$0.7 million (39%) as a result of the Veterans Service Act and \$1.1 million (61%) was spent on all other veteran services. Table 3 shows that community colleges have spent close to \$1.5 million (38%) as a result of the Veterans Service Act and about \$2.4 million (62%) was spent on other veteran services.

Expenditure Breakdown by Service Type – Public Universities and Community Colleges

The expenditures and staff years are grouped into categories of services that are commonly provided by colleges and universities - academic, career, financial aid, GI Bill certification, health, social, and other services. For simplicity, smaller services have been grouped into these categories as such:

- **Academic:** Counseling, support, and tutoring to enhance scholarly learning
- **Career:** Counseling and assistance with career decisions and employment
- **Financial Aid:** Counseling and information on available assistance to attend college
- **GI Bill Certification:** Administration of the Post-9/11 GI Bill benefits
- **Health:** Counseling and assistance to enhance learning and mobility
- **Social:** Campus social events, mentoring, orientation, transition assistance, and veteran student lounge or designated gathering space
- **Other:** Administration, certification of veteran benefits, outreach to the community, support staff, work study assistants, and marketing

Shown below are the total staff years and expenditures by type of service for Fiscal Year 2021 for both public universities and community colleges. The category with the highest percentage of expenditures is “Social” at \$1.2 million (21% of the total). Career services had the lowest expenditure total by a significant margin with only

\$219.174 (4%). Most of the full-time staff are dedicated to GI Bill certification, which makes up approximately 23% of the total.

Table 4

Total Expenditures by Type for Public Universities and Community Colleges				
Expenditure Type	Staff Years	State Funds	Other Funds	Total Funds
Academic	13.8	\$857,206	\$280,615	\$1,137,821
Career	3.0	\$140,123	\$79,051	\$219,174
Financial Aid	14.9	\$694,888	\$180,396	\$875,284
GI Bill Certification	20.2	\$891,057	\$284,400	\$1,175,457
Health	4.3	\$317,663	\$150,635	\$468,298
Social	18.7	\$822,928	\$371,013	\$1,193,941

Total	88.1	\$4,007,238	\$1,695,726	\$5,702,964

Figure 1 displays the percentage of total full-time staff employed for each category in Fiscal Year 2021. Career services only employ approximately 3% of all full-time staff for services provided for veterans, and health services only accounts for about 5%. Aside from those small categories, staff are evenly spread with a range of 15% to 23%.

Figure 1
Staff Years by Type for Public Universities and Community Colleges

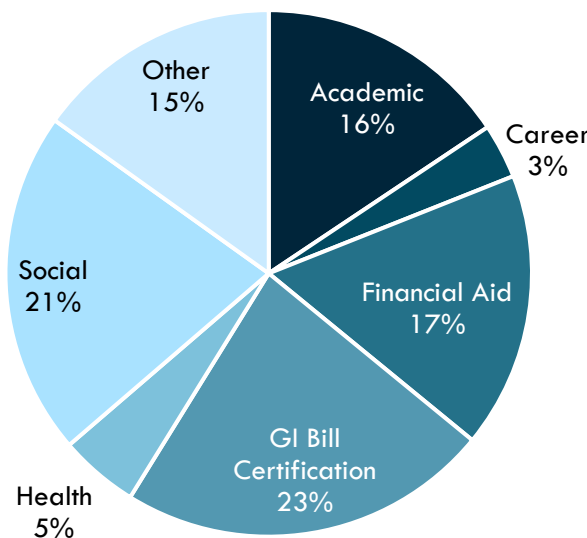

Figure 2 displays the percentage of total expenditures for each category in Fiscal Year 2021. Career services only account for 4% of all expenditures for services provided for veterans, and health services only accounts for about 8%. GI Bill certification and social services are the largest sources of expenditures at 21% with academic services close behind at 20%.

Figure 2
Total Expenditures by Type for Public Universities and Community Colleges

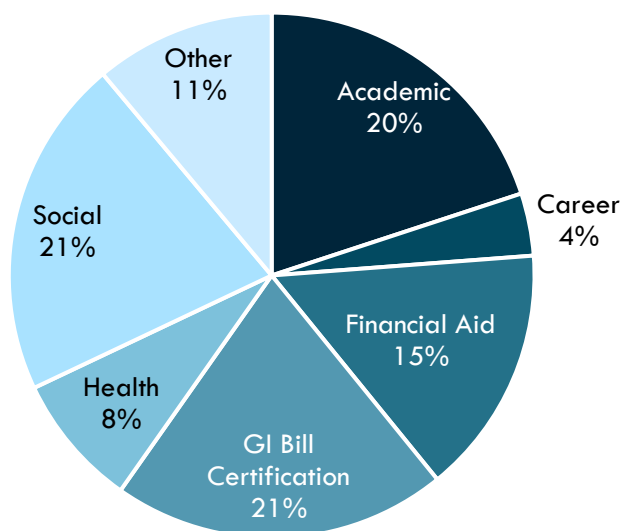

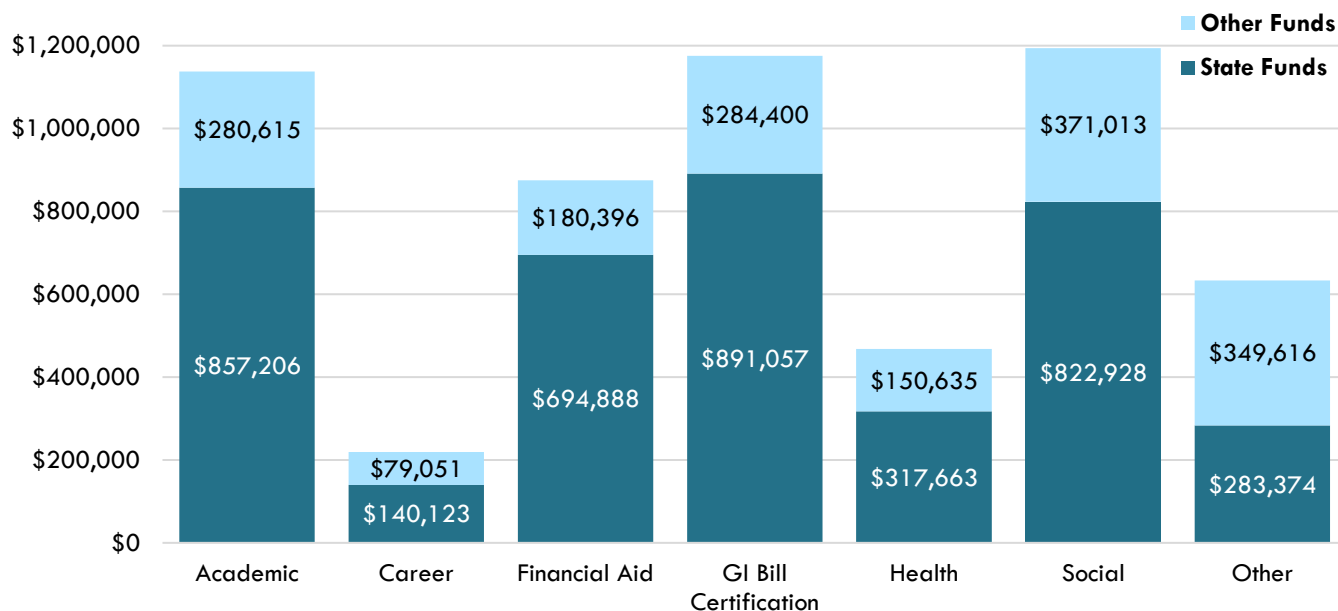

Figure 3 illustrates the distribution of expenditures by source for Fiscal Year 2021. In every category, the State provided a higher amount of funding than other sources. Once again, it is evident that the least amount of funding is dedicated to career services. While GI Bill certification accounts for the most State funded expenditures, social service is responsible for the most overall spending.

Expenditure Breakdown by Service Type – Public Universities vs Community Colleges

This section replicates the previous one but separates the data to compare public universities to community colleges. Tables 5 and 6 show the breakdown of total expenditures for Fiscal Year 2021, by category, for public universities and community colleges separately.

*Other contains about \$131,000 in other state funds from one institution, College of DuPage.
This is reflected in Figures 4 through 6 where "Other" appears larger than expected.

Figure 4 displays the percentage of total full-time staff employed for each category in Fiscal Year 2021. Career services only employ 4.5% of all full-time staff for public universities and 2.8% for community colleges, making it the smallest category for both. GI Bill certification and social services each account for more than 20% of full-time staff for both community colleges and public universities. The most significant difference on display here is that community colleges devote about 50% more of their staff to academic services as public universities which focus much more on financial aid and social services.

Figure 4:
Staff Years Comparison: Percentage by Service Type

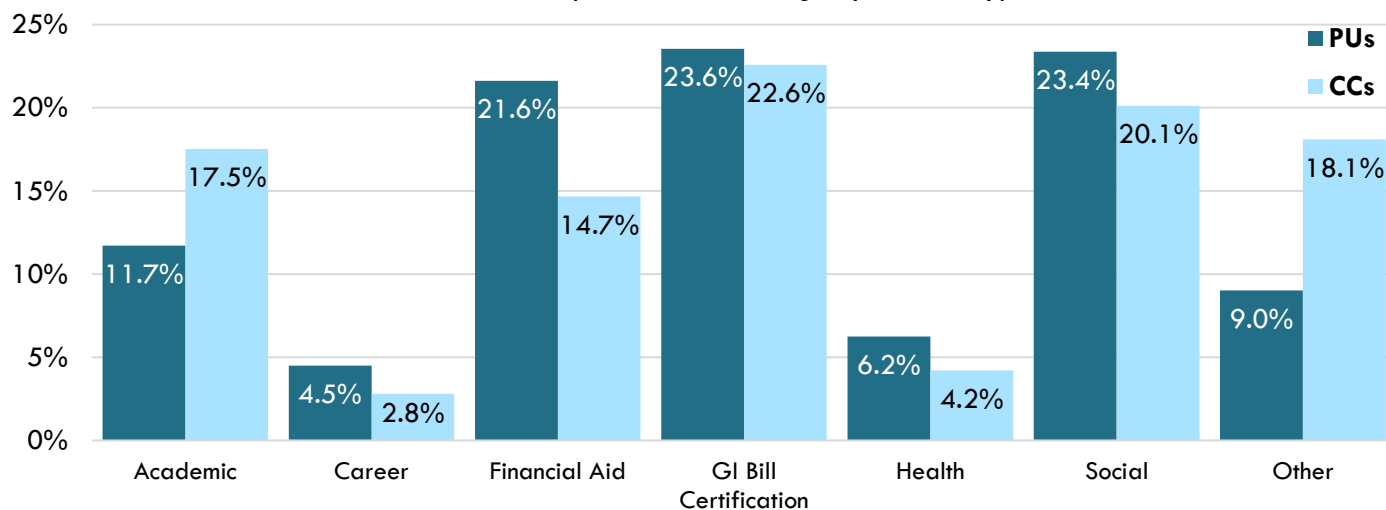

Figure 5 displays the percentage of total expenditures for each category in Fiscal Year 2021. The largest difference displayed occurs in academic services which makes up almost twice as much of the total for community colleges than for public universities. Universities tend to spend more on social services than community colleges, and spend the most on social services overall.

Figure 5
Total Expenditures Comparison: Percentage by Service Type

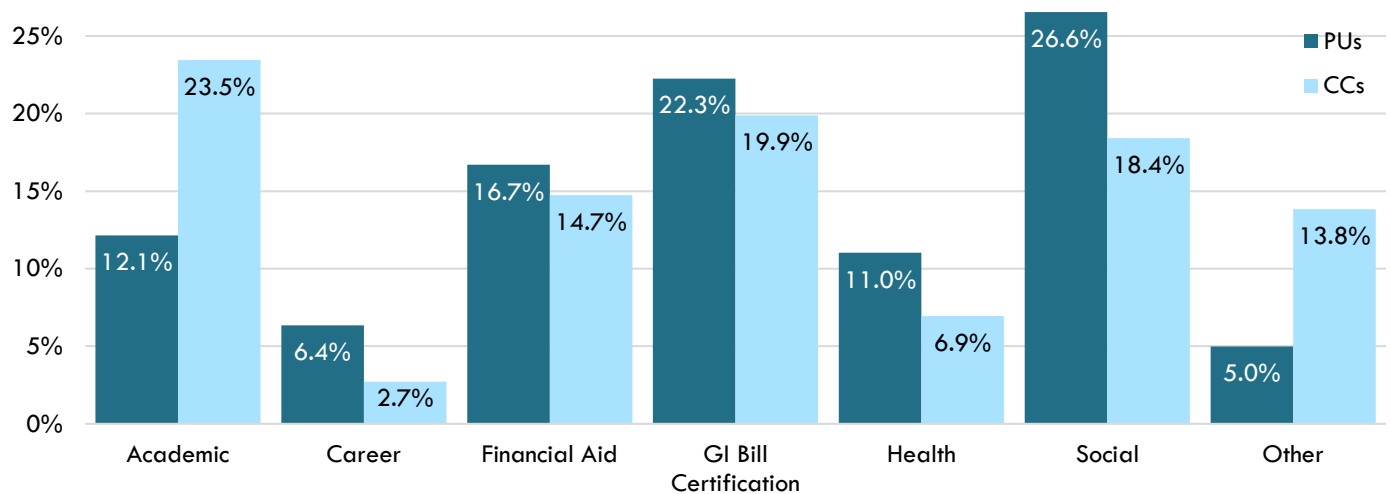

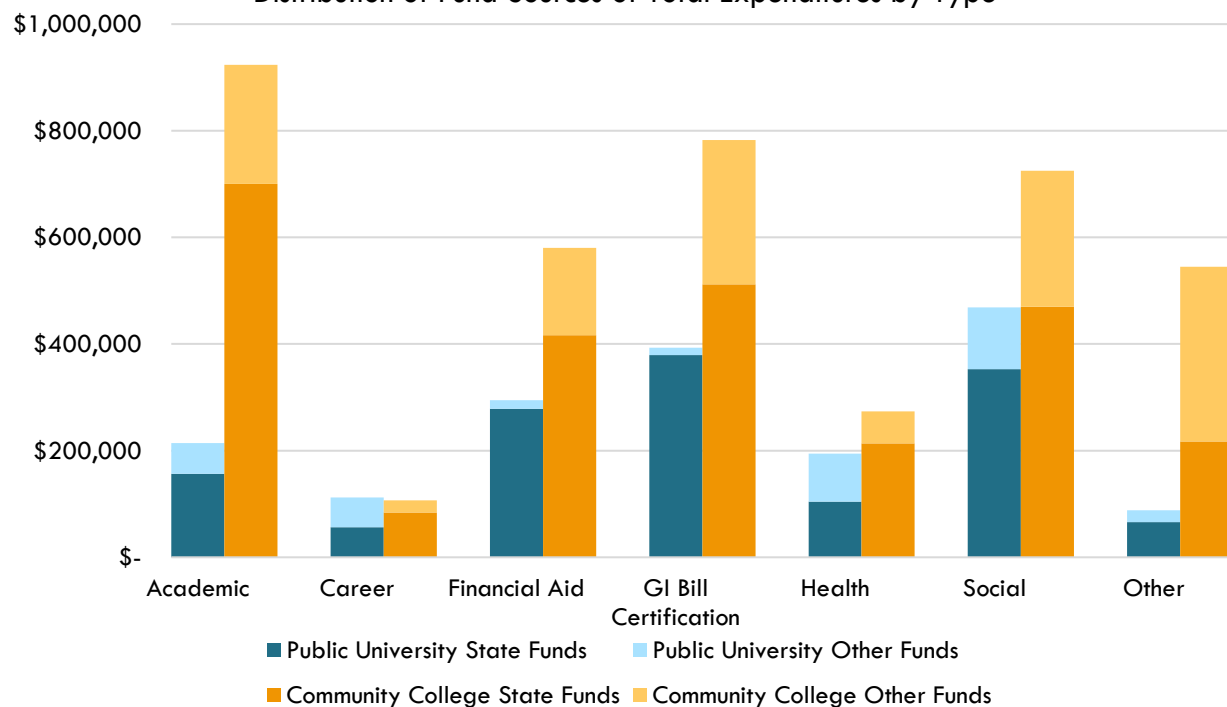

Figure 6 illustrates the distribution of expenditure funds by source for Fiscal Year 2021. Public universities rely much more on state funds in almost all categories, with financial aid almost entirely funded by the State. The main exceptions are career and health services which are both close to a 50/50 split. Community colleges rely more on other funds than universities, but still spend mostly state-appropriated dollars in every category.

Figure 6

Illinois Veteran Grant Program

The Illinois Veteran Grant program waives the tuition and fees of Illinois veterans attending public universities or community colleges for the equivalent of four years of full-time enrollment. (110 ILCS 947/40) In the past, the State reimbursed the institutions for most of the cost of the waivers through appropriations made to the Illinois Student Assistance Commission (ISAC) and the Illinois Community College Board (ICCB). However, those appropriations were reduced in fiscal years 2011 and 2012, leaving universities and community colleges to cover these costs. In Fiscal Year 2013, appropriations to ISAC were eliminated and greatly reduced to ICCB. There has been no state funding for this program since Fiscal Year 2013 for universities, leaving them with a substantially unfunded mandate. There has been some funding for community colleges, which has increased in recent years. For fiscal years 2019, 2020, and 2021 the appropriation for ICCB was \$4.26 million allowing ICCB to reimburse community colleges for most of their costs.

Since Fiscal Year 2010, the total values of claims have decreased, reducing the incurred shortfalls caused by lack of appropriation. In Fiscal Year 2021, there were \$13.3 million in waiver claims, which is a \$1.8 million decrease from 2020 and a steep \$7.9 million decrease from 2017. The number of awards distributed has a slightly larger decrease over the same span. In Fiscal Year 2021, 600 fewer veteran grants were awarded than in 2020 and almost half as many that were awarded in 2017. A major factor in the steady decline in state-funded waiver claims is the increases in Post-9/11 GI Bill benefits claimed by veterans. Those benefits are similar, but not identical to the state program, and veterans may choose whichever program better meets their needs.

Conclusion

Community colleges and public universities in Illinois provided \$5.7 million worth of services to veterans and active-duty military personnel in Fiscal Year 2021, while employing approximately 88 full-time staff. The Higher Education Veterans Act is responsible for 40% of both staff and expenditures dedicated to veterans and military personnel. The institutions continue to strive in meeting the objectives of Public Act 96-133 by having a Coordinator of Veterans and Military Personnel Student Services on each campus, making benefit programs and services available to the veteran population, providing data on the fiscal impact of the act, and providing useful information online.

APPENDIX B – DATA ACCURACY AND REPORTING METHODOLOGY

The institutions were again asked to report their data in two parts (a copy of the survey is provided in the Appendix). Part one consists of staff years and expenditures attributable to the fiscal impact of the Higher Education Veterans Service Act (Public Act 96-133). Part two consists of staff years and expenditures for services specifically provided to veterans, but not directly related to the Act.

IBHE continues to work with institutions to improve consistency in reporting. Many schools vary widely in structure and in the services they provide. This explains the variety of services that are itemized by our public institutions on their respective Fiscal Impact Surveys in Appendix C. This year, IBHE teamed up with the Community College Board and the Department of Veteran's Affairs to revise the data collection method, and an instructional webinar was held to help improve reporting efficiency and accuracy. In doing so, we believe we have made significant strides in the uniformity of the data collection for this report. However, these improvements do not come without any drawbacks. The new method of data collection has demonstrated that much of the data submitted in previous years is not accurate to our new standards. As such, that data has been omitted for year-to-year comparisons. Year-to-year comparisons will return next year.

HIGHER EDUCATION
(110 ILCS 49/) Higher Education Veterans Service Act.

(110 ILCS 49/1)

Sec. 1. Short title. This Act may be cited as the Higher Education Veterans Service Act.

(Source: P.A. 96-133, eff. 8-7-09.)

(110 ILCS 49/5)

Sec. 5. Definitions. For purposes of this Act:

"Task Force" means the Task Force on Service Member and Veterans Education.

"Public colleges and universities" means public community colleges subject to the Public Community College Act, the University of Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, and Western Illinois University.

(Source: P.A. 96-133, eff. 8-7-09.)

(110 ILCS 49/10)

Sec. 10. Findings.

(a) Pursuant to Public Act 95-736, the General Assembly created the Task Force on Service Member and Veterans Education to examine the manner in which public colleges and universities in the State of Illinois provided education to servicemen and servicewomen as well as veterans of the armed forces of the United States.

The Task Force conducted hearings and filed its findings with the General Assembly on September 16, 2008. Its report urges the General Assembly to recognize the sacrifice of American servicemen and women, and, in a small way, repay them by chartering a concerted effort by State government, in cooperation with our public institutions of higher learning, to make its best efforts to take positive, quantifiable steps to providing a superior learning environment for student veterans and service members. The Task Force reviewed the unique needs of veterans and military personnel, combined with the large number of active duty personnel and military veterans seeking higher education since the onset of the Global War on Terrorism. The Task Force found that public universities and community colleges in this State have varying levels of assistance available for active duty service personnel and veterans.

(b) The Task Force has reported that veterans and active duty personnel have difficulty in finding and receiving various State and federal education-related benefits and services that they may be eligible to receive, such as educational loans, scholarships, grants, local employment opportunities, access to medical care, a social network for support of student veterans, and groups to help with the transition to becoming a civilian after service in an active duty unit, because such programs are administered by different arms of the government.

(c) The Task Force found that the various public colleges and universities in this State have a wide array of programs and services available to veterans and active duty service personnel, ranging from online educational opportunities, admission and academic counseling, medical services, and family housing information.

(d) The Task Force also found that certain other higher education institutions across the United States have adopted programs and services that seek to better promote and coordinate the assistance that is available for veterans and active duty personnel.

(110 ILCS 49/15)

Sec. 15. Survey; coordinator; best practices report; best efforts.

(a) All public colleges and universities shall, within 60 days after the effective date of this Act, conduct a survey of the services and programs that are provided for veterans, active duty military personnel, and their families, at each of their respective campuses. This survey shall enumerate and fully describe the service or program that is available, the number of veterans or active duty personnel using the service or program, an estimated range for potential use within a 5-year and 10-year period, information on the location of the service or program, and how its administrators may be contacted. The survey shall indicate the manner or manners in which a student veteran may avail himself or herself of the program's services. This survey must be made available to all veterans matriculating at the college or university in the form of an orientation-related guidebook.

Each public college and university shall make the survey available on the homepage of all campus Internet links as soon as practical after the completion of the survey. As soon as possible after the completion of the survey, each public college and university shall provide a copy of its survey to the following:

- (1) the Board of Higher Education;
- (2) the Department of Veterans' Affairs;
- (3) the President and Minority Leader of the Senate and the Speaker and Minority Leader of the House of Representatives; and
- (4) the Governor.

(b) Each public college and university shall, at its discretion, (i) appoint, within 6 months after the effective date of this Act, an existing employee or (ii) hire a new employee to serve as a Coordinator of Veterans and Military Personnel Student Services on each campus of the college or university that has an onsite, daily, full-time student headcount above 1,000 students.

The Coordinator of Veterans and Military Personnel Student Services shall be an ombudsperson serving the specific needs of student veterans and military personnel and their families and shall serve as an advocate before the administration of the college or university for the needs of student veterans. The college or university shall enable the Coordinator of Veterans and Military Personnel Student Services to communicate directly with the senior executive administration of the college or university periodically. The college or university shall retain unfettered discretion to determine the organizational management structure of its institution.

In addition to any responsibilities the college or university may assign, the Coordinator of Veterans and Military Personnel Student Services shall make its best efforts to create a centralized source for student veterans and military personnel to learn how to receive all benefit programs and services for which they are eligible.

Each college and university campus that is required to have a Coordinator of Veterans and Military Personnel Student Services shall regularly and conspicuously advertise the office location, phone number, and Internet access to the Coordinator of Veterans and Military Personnel Student Services, along with a brief summary of the manner in which he or she can assist student veterans. The advertisement shall include, but is not necessarily limited to, the following:

- (1) advertisements on each campus' Internet home page; and
- (2) any promotional mailings for student application.

The Coordinator of Veterans and Military Personnel Student Services shall facilitate other campus offices with the promotion of programs and services that are available.

(c) Upon receipt of all of the surveys under subsection (a) of this Section, the Board of Higher Education and the Department of Veterans' Affairs shall conduct a joint review of the surveys and post, on any Internet home page they may operate, a link to each survey as posted on the Internet website for the college or university. Upon receipt of all of the surveys, the Office of the Governor, through its military affairs advisors, shall similarly conduct a review of the surveys and post the surveys on its Internet website. Following its review of the surveys, the Office of the Governor shall submit an evaluation report to each college and university offering suggestions and insight on the conduct of student veteran-related policies and programs.

(d) The Board of Higher Education and the Department of Veterans' Affairs may issue a best practices report to highlight those programs and services that are most beneficial to veterans and active duty military personnel. The report shall contain a fiscal needs assessment in conjunction with any program recommendations.

(e) Each college and university campus that is required to have a Coordinator of Veterans and Military Personnel Student Services under subsection (b) of this Section shall make its best efforts to create academic and social programs and services for veterans and active duty military personnel that will provide reasonable opportunities for academic performance and success.

Each public college and university shall make its best efforts to determine how its online educational curricula can be expanded or altered to serve the needs of student veterans and currently-deployed military, including a determination of whether and to what extent the public colleges and universities can share existing technologies to improve the online curricula of peer institutions, provided such efforts are both practically and economically feasible.
